MEMORANDUM TO: MR. CAREY

The writer of the attached letter, Julien Bryan, has just returned from Yugoslavia where he was able to take 15,000 feet of color motion picture.

He invites General Smith and some members of his staff to review these films at a showing on Saturday, December 9th at The University Club in New York City.

General Smith will not be able to attend this, but it is possible that you may want someone from your Office to see if there is anything interesting in these films. If so, please let me have the name of the individual who will attend the showing and I will reply to Mr. Bryan's letter accordingly.
